Travel light in HD sound

.Audio™ 478 Digital stereo USB headset

Ideal for when you are travelling from place to place and need a portable PC headset.

.Audio™ 478

Travel light in HD sound. When you are travelling from place to place and need a portable PC headset, the Plantronics .Audio 478 USB headset is ideal. It delivers voice conversations so clear that it has earned Skype™ Certification. Featuring a noise-cancelling microphone and Digital Signal Processing to reduce echo and background sounds, the .Audio 478 boosts natural voice frequencies for the clearest and most natural sounding conversation possible. The headset features digitally equalised 24-bit Hi-Fi stereo audio, meaning you get to enjoy Skype calls, online TV, music, games and more in true HD sound.

KEY FEATURES

- Foldable design means you can enjoy great audio wherever you are.
- Skype Certified for a better chatting experience.
- Answer and end Skype calls right from the headset.*
- DSP provides wideband audio and acoustic echo cancellation.
- Noise-cancelling microphone reduces noise for clearer conversations.
- Easy-to-use in-line volume, mute and call controls.
- Soft foam ear pads and lightweight materials ensure a comfortable fit.
- Convenient carry case for travelling.

*Requires installation of Plantronics software available at plantronics.com/audio
