

## Plantronics® MX500 Series Mobile Headsets

### Innovative design and exceptional voice quality

Experience high-performance sound in style with the award-winning MX500 Mobile Headset from Plantronics. This innovative feature-rich headset delivers next-generation Flex Grip® design to ensure a secure, comfortable fit for extended wear—perfect when you're on-the-go! Enjoy reliable sound quality thanks to the adjustable voice tubes that allow you to position the microphone exactly where you want it. Be heard clearly even in windy environments with our WindSmart® technology which eliminates wind noise and interference. Calls sound crisp and clear even while driving with windows open or air conditioning on. No more fumbling—put your phone's functionality at your fingertips with convenient in-line controls for mute, call/answer end, and volume. This leading-edge headset is made for your bustling life!

- Superior sound with WindSmart technology keeps calls crisp and clear, even in windy environments
- Unsurpassed comfort for all day wearing with next-generation Flex Grip design—perfect for your busy life!
- Personalized fit with the pivoting voice tube ensures superior call clarity
- Convenient in-line volume and mute controls and one-touch call answer/end button put you in charge

**Sound Innovation for missions to the moon. And for everyday life on this planet, too.**

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man, one giant leap for mankind." Today, we're the headset of choice in mission-critical applications such as air traffic control and 911 dispatch. This history of proven sound innovation is the basis for every product we build—whether it's for work, for home or on the go.
