

PLANTRONICS

Savi[™] Go

UNIFY PC AND MOBILE COMMUNICATIONS

Designed for mobile professionals in the office, the Plantronics Savi Go headset system with multipoint technology lets you seamlessly switch between calls received on your PC and those received on your mobile phone. Incorporating wideband audio that sharpens PC voice transmissions and streaming audio, the Bluetooth[®] enabled Savi Go headset features a noise-canceling microphone and ergonomically designed wearing style that maximize your comfort and productivity throughout the day.

PLANTRONICS Savi™ Go

UNIFY PC AND MOBILE COMMUNICATIONS

SAVI GO BENEFITS

Seamless communication. Multipoint technology allows you to manage calls from both your PC and your mobile phone using a single headset every way and everywhere you need to connect.

Robust audio. Wideband PC audio delivers rich, life-like fidelity, while extended boom and noise-canceling microphone heighten speech clarity.

Simple call control. A single button lets you control call answer/end, volume and mute. Call alert notifies you of incoming calls while you're listening to streaming audio. Savi Go includes Plantronics PerSono® Suite software for feature setting capabilities and selected softphone call control.

Wireless mobility. New Class 1 Bluetooth range accommodates your mobile work style up to 210 feet from your PC.

Savi Go offers the Convertible wearing style with easy-fit earloop or adjustable headband offers all-day wearing comfort. The Convertible comes with an extended boom with noise-canceling microphone providing best-class audio for in-office mobile professionals.

CHOOSE YOUR VERSION OF SAVI GO

Optimized for Microsoft Office Communicator (OCS) 2007 version designed to provide all your call control with OCS.
