# Welcome

Congratulations on purchasing your new Plantronics product. This guide contains instructions for setting up and using your Explorer 10 headset.

Please refer to the safety instructions for important product safety information prior to installation or use of the product.

# What's in the Box

Headset

USB charge cable

**NOTE** Contents may vary by product.

# Headset Overview

- 
-  Charge port

---

  -  Call button

---

  -  Volume button: Cycle through volume settings

---

  -  Headset LED (indicator light)

---

  -  Power button

---

# Pair and Charge

## Get Paired

Be safe! Please read the separate safety guide for important safety information.

- 1 Wearing your headset, power it on. The first time you do this it will begin the pairing process. You hear "pairing" and the headset indicator lights flash red and blue.

- 2 Activate Bluetooth® on your phone and set it to search for new devices.
  - iPhone Settings > Bluetooth > On\*
  - Android™ Settings > Bluetooth: On > Scan for devices\*

**NOTE** \*Menus may vary by device.

- 3 Select "PLT\_E10."  
If necessary, enter four zeros (0000) for the passcode or accept the connection.  
Once successfully paired, you hear "pairing successful."

## Activate pair mode

Press the Call button ☎ until the indicator light flashes red and blue and you hear "pairing."

## Use two phones

Multipoint technology lets you pair a second phone and answer calls on either phone. To pair a second or a new phone see "Activate pair mode."

## Reconnect

Bluetooth headset has up to a 33 feet (10 meters) effective range. If you lose connection, your headset will try to reconnect. If your headset doesn't reconnect, tap the Call button ☎ or manually connect through the phone's Bluetooth device menu.

## Charge

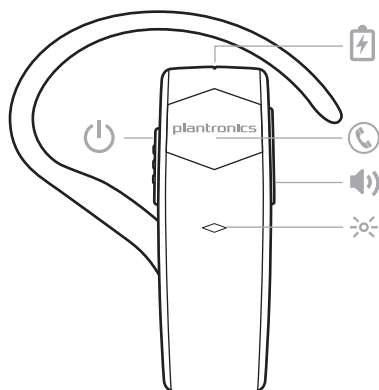

Your new headset has enough power to pair and make a few calls. It takes 2 hours to fully charge the headset; the indicator light 🔌 turns off once charging is complete.

# Fit

You can wear your headset on your right or left ear. To adjust the fit, rotate the earloop as shown.

# The Basics

Answer or end a call

Tap the Call ☎ button.

Adjust the volume

Tap the Volume button 🔊 to cycle through preset levels.

Mute

While on an active call, press and hold the Volume button 🔊 for 2 seconds. You hear "mute on" or "mute off."

Redial

To call your last number dialed, double tap the Call ☎.

Voice dial (phone feature)

Press the Call ☎ for 2 seconds, wait for the phone prompt and then tell the phone to dial the name of a stored contact.

Toggle Voice Prompt  
On/Off

When the headset is powered on and you are not on a call the voice prompts can be turned off by pushing the volume 🔊 button and the call ☎ button for more than 4 seconds.

# Specifications
