

QUICK REFERENCE

Plantronics headsets are ideal for unified communications applications such as Microsoft® Office Communicator 2007 unified messaging, web conferencing and other PC telephony applications. Office workers can now benefit from the communications gold standard for durability, lightweight performance and comfort for accessing telephony through a PC. The hands-free mobility provided by the headset enables professionals to accomplish simultaneous tasks that fill the work day, such as typing an IM or e-mail, or researching on the Internet, while on a call.

SUPRAPLUS® WIDEBAND USB HEADSET

Certified For Microsoft® Office Communicator 2007

Office Communicator 2007 allows you to use your PC for Voice over IP (VoIP) in full wideband audio quality, delivering heightened speech clarity and life-like fidelity

- Enhanced wideband audio
- Noise canceling and reduced echo
- Tight integration of Office Communicator 2007 call control features

OPTIMIZED FOR
Microsoft®
Office Communicator

Also compatible with Microsoft® Office Communicator 2007: .AUDIO™ 480 USB VIRTUAL PHONE BOOTH™ HEADSET

In an airport, on a train, or a busy hotel lobby, the Plantronics .Audio 480 has sophisticated features and a cool profile making life on the go more enjoyable.

- Flexible boom brings the microphone close for private conversations
- Sound-isolating earbuds block out unwanted noise
- Noise-canceling microphone minimizes external noise
- Supports wideband

PLANTRONICS VOYAGER™ 510-USB BLUETOOTH® HEADSET

Experience true plug-and-play wireless connectivity with the Plantronics Voyager 510-USB Bluetooth Headset System.

- USB Bluetooth adapter that enables instant, wireless access
- Exclusive multipoint technology allows you to seamlessly switch between softphones and mobile phones at the touch of a button
- Receive notification of incoming calls from either Bluetooth device

CS50™-USB WIRELESS OFFICE HEADSET

No phone cords. No headset wires. No limitations. Just superior sound quality, stylish design, and hands-free headset convenience via your USB port

- PerSonoCall® software enables remote call detection and answering for most softphones
- 900 MHz radio enables you to continue talking up to 200 feet away
- Eight hours of talk time without recharging

.AUDIO 400 DSP HEADSET

Plantronics .Audio 400 DSP digitally-enhanced foldable stereo headset with full-range stereo sound. Listen to your CDs, DVDs, or MP3 files.

- Noise-canceling microphone enhances speech accuracy
- Plantronics PerSono® Audio Control Center Software available
- Adjust microphone and audio characteristics like volume, bass and treble, launch voice or audio applications, as well as select audio presets like rock, jazz or classical, all from a central software interface

DA45™ USB-TO-HEADSET ADAPTER

Bring exceptional audio quality to VoIP conversations with the DA45 USB-to-headset adapter. The adapter supports wideband audio and is compatible with all Plantronics H-series headsets.

- Provides choice of wearing style
- Supports narrowband and wideband
- PerSonoCall software enables easy control with inline volume and mute
